

Dear Fred Doster,

while you were on the radio with Ty, Kelly, & Chuck I overheard you mention that you did not receive a package during Christmas while on your tours in Vietnam. On behalf of the Veterans that came after you. I would like for you to accept this package as a small gesture of our complete understanding of spending Christmas abroad. I want to also apologize on behalf of a grateful Nation as well. Veterans that served in Vietnam didn't get the full support of Our Nation like today's Service Members. We the many that answer Our Nations call to Bear Arms against our enemies only know the true face of War. I am glad that you could come back and become successful in your life, as many of our Brothers and Sister never fully do. You and your organization and organizations like yours are a shining light during a dark time for many Soldiers around the holidays. While abroad as you know, Soldiers during the holidays start to think of family, friends, and then why am I here. This downward spiral can happen fast and the delivery of packages and letters help get us through tough times. Thank you for your continued support to this Nation, we the Soldiers appreciate it. I have enclosed some items that would have been popular around your time of service. I hope you enjoy them, or as you may show more Selfless Service by pass the package on to the next Soldier in need of Our Nations Love for each other.

Sincerely,

Pro Deo Et Patria

The Veteran
